Description

Form+Content Gallery presents ***A Fertile Emptiness***, a solo exhibition of new works on paper by Michal Sagar. In this series, Sagar draws together remnants of history – artistic, social, personal – edging towards a new vision of untamed wildness. Various large, unframed pieces are drawn and painted, using a wide range of materials including graphite, charcoal, conté, pastel, sand, pumice, carborundum, wax, and oil paint. Smaller lithographic prints reference aspects of these larger works and are reimaged with a variety of drawing materials, watercolor, and gouache. In all of the work, multiple levels of imagery, gestures, and mark making have transparent and translucent layers, revealing throughout, an intimacy of touch.
